CRIMINAL COURT.—Yesterday, in the Gardiner case, Mr. Bowes, Major Mordecai, and Mr. Jones, severally occupied the stand as witnesses. The latter, it will, perhaps, be remembered, was a witness at the former trial. and his evidence yesterday was only a repetition of what he had formerly given. This morning, the further hearing of the Gardiner case was deferred for some time, during which, man named Ennis was brought up on a harge of riot and assault. It appers that three individuals, named

Rawlings, Ennis, and Meads, came into the blacksmith shop of Berry & Morris, at the corner of H and 1st stre ts, where they beat and otherwise injured one of the workmen named Cover. Rawlings and Ennis were afterwards arrested, the other (Meads.) having effected his escape and left the city. Rawlings was tried at the early part of the session, found guilty, and sentenced to three months imprisonment; the other, Meads, tc-lay, on being brought up pleaded guilty, and submitted his case to the court; his sentence had not been passed when we left. The hearing of the Gardiner case was then resumed, Mr. Bowes ence more occupying the witness stand, and teing cross-examined by Mr. Bradley.

DYSPEPSIA AND INDIGESTION .- These great scourges of our people cannot be too well understood, or the means of averting or curing them too highly appreciated. The person who discovers any means of cure or alleviation, confers a benefit upon his fellows, and is deserving of honor. This desirab e consummation has been achieved, and not only may dyspepsia be cured, but it may be prevented by the use of "Hoofland's German Bitters," prepared by Dr. C. M. Jackson, of Philadelphia, which medicine is spoken of in terms of the highest commendation by theusands who have tested its efficacy. It is perfectly inocuous in its nature, and possesses the valuable property of improving the health of the robust, as well as restoring the health of the sick. For sale by Druggists everywhere.

AN OUNCE of fact is worth a pound of theory; and the swarm of conclusive facts that cluster around that incomparable preparation, Hoofland's German Bitters, prepared by Dr. C. M. In all cases of disease of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial, and renovating influence. ARRIVAL OF THE NORTHERN LIGHT

LATER FROM CALIFORNIA. New York, Jan. 24 .- The steamer Northern Light arrived here this morning, bringing a fortnight's later dates

from California. The steamer Oregon left San Francisco on the 31st of December; and the steamers Panama and Brother Jonathan left

San Juan on the same day. The California news is unimportant. The Senatorial election had resulted in favor of Mahoney, Democrat, who had four thousand majority over Farwell,

There had been a second battle between Lower California and Walker's party, in which the Americans were entirely successful, resisting. with about thirty men, the force opposed to them of one hundred guns, and capturing the ammunition and

field pieces of the enemy. The invaders had gathered new courage from the circumstance that Anila had arrived with re-inforcements who it was supposed had joined the party.

An inquest had being held over the body of a man by the name of James Price, a native of Baltimore, who had been found

dead on long wharf. Considerable excitement had been created by the discovery of a female's dead tody.

Several incendiarly attempts had been made to burn our House Hotel. There had been some disturbances respecting the claims to land at the Tower of Oakland. Nothing serious, however,

was anticipated to grow out of it. The great sales of real estate took piace during the week previous to the departure of the mails in San Francisco, consisting of the State's cities' titles to seventeen lots of land on Waters' Front, amounting to over a million and a half of dollars.

The city's credit was now considered firmly established. The expedition under Dr. Worsencroft

had not started for Sierra Nevada from Chasta city. The weather was fair with occasional

dition, but there were great complaints of want of rain in the mining districts. There had been no arrivals from the Sandwich Islands or China.

Agriculture was in a flourishing con-

HALIFAX, Jan. 23.—The royal mail steamship Niagara, Captain Leitch, from Liverpool, on the 17th inst., en route for Boston, arrived at this port this forenoon, and reports unusual heavy weather during her passage, which has been prolonged to nearly sixteen days. She will be due at Boston at an early hour on Wednesday forenoon.

The Eric Railroad Troubles. PITTSBURG, Jan. 21.-Judge Irwin has rendered his decision in the case of Mayor King and Sheriff Lowry, of Erie, on the motion that they be committed for contempt. He decided that the offence with which the respondents are charged, being defined by the second section of the act of 1831, in reference to contempt of Court, is an offence which must be proceeded against by indictments, and the Court cannot interfere by present process .-Without expressing an opinion whether that section applies to the offence of the respondents, the Court orders them to be

discharged without costs. Ohio Legislature. COLUMBUS, Ohio, Jan. 21 .- The Senate has a resolution expelling Day, a negro reporter, by a vote of 17 to 10. The Erie resolutions had produced a

protracted discussion, and a similar substitute had been offered. The election of U. S. Senator had produced a warm canvass. Messrs. Medairy, Manypenny and Hugh were all sanguine.
